

Assembly Instructions for the **BOTTLE BUDDY**® Water Storage System and Accessories

Bottle Buddy is a registered trademark of Tailor Made Products, Inc.

Heavy Duty Shelf Accessory Kit*

*Must use with Premium Connector Kit

• **Important:** The Bottle Buddy is designed to be used on a firm, level surface. It is not designed to be used for storing bottled water on trucks or other moving vehicles.

• **Note:** When loading full bottles onto shelves, start from the bottom and load upwards until finished. When unloading full bottles, take down the top bottle on each stand and then each successive bottle downwards until empty.

• **Note:** The Bottle Buddy can be assembled to hold two, three, four or five bottles per column. Do not stack more than five high.

• **Note:** The max load of the flat shelf is 80 lbs.

Please read ALL instructions before assembling.

Each Case Contains:

☉ Top Caps x 4

Legs x 4

Shelf x 1

1. Connect two Bottle Buddy storage system columns together at equal heights with the Premium Connector Kit. Remove all top caps from both trays in order to place the legs and twin caps in each tray.
2. Place four legs into the four outermost corners of the Bottle Buddy trays. Twist the legs into the holes, then secure by gently tapping with a small rubber mallet until snug.
3. Add the flat shelf, taking care to line up the top of the legs with the bottom of the tray. Gently tap the flat shelf corners with a small rubber mallet.
4. When the flat shelf has been added, gently tap top caps into the flat shelf holes for a finished look.
